Forecast For Wales
Issued by Met Office Exeter
at 0400 on Tuesday 07 Sep 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Hot sunshine for many today.

Today:
Any patches of fog or mist to soon clear, leaving the day fine and dry with prolonged sunshine for all. Feeling very warm to locally hot. Maximum temperature 28 deg C (82 deg F).

Tonight:
Staying dry tonight at first with largely clear skies. Turning breezy as cloud slowly moves northwards into Wales, bringing a few showers to the south around dawn. Feeling humid. Minimum temperature 15 deg C (59 deg F).

Wednesday:
Periods of sunshine for many through the morning, but cloud moving northwards will bring heavy showers for some and a risk of thunder. Turning fresher from the south and west. Maximum temperature 27 deg C (81 deg F).

Outlook for Thursday to Saturday:
Scattered showers on Thursday, heavy at times and with a risk of thunder. Further showers possible on Friday. Many areas dry on Saturday but a few showers are still possible.
